GENESIS & EVOLUTION: UNIVERSITY OF RAJASTHAN

On the 8th of January 1947, the University of Rajputana appeared as a nascent star on the educational horizon of pre-independent India. The efforts for a separate University for the Rajputana State were initiated as early as 1921 when the Act for the Allahabad University was passed. The Act prescribed for separation of Intermediate classes from the Degree classes as a condition for affiliation, which meant more expenditure for the then colleges at Jaipur, Jodhpur and Ajmer, the only colleges then imparting University education and affiliated to Allahabad University. The location of the University became a controversial issue. The question was considered in all its aspects at a meeting called by the Agent to the Governor General in Rajputana and attended by the ruling Princes and Chiefs at Mt. Abu on 20 June 1924.

After a gap of nearly two decades, the efforts were again initiated in 1942 by Sir Mirza Ismail, the then Prime Minister of Jaipur, who appointed J.C. Rollo as Special Education Officer for this purpose. Sir Mirza Ismail and his successor in office Sir V.T. Krishnamachari took the initiative of holding talks with the representatives of Udaipur, Jodhpur, Bikaner, Alwar, and Jaipur in December 1946. They agreed to the establishment of a University at Jaipur and on January 8, 1947, legislation was promulgated and the colleges in the State formally federated into the University of Rajputana, which came into existence in July the same year.

Dr. G. S. Mahajani, Principal of Ferguson College, Poona (now Pune), was appointed the first Vice-Chancellor of the University and was an ideal person in many respects. He was a member of the Servants of India Society and was elected as a fellow of prominent institutions such as the National Academy of Sciences, India, and the Cambridge Philosophical Society at St John's College, Cambridge.

The University was allocated an annual grant of Rs.2.5 lacs by the participating States of Rajputana. The remarkable thing is that the States made it clear that the "acceptance of the grant will in no way detract from the autonomy of the University and its freedom to organise its teaching and administration as to embody in them the highest conception of University life."

Shri C. Rajagopalachari, the first Governor General of free India, had a very clear idea of the importance of the universities and their dignity. Addressing the students of Loyola College, Madras in August 1948, he advocated "we have to maintain the highest standards for our universities. The pressure of democracy may be allowed to bear on anything else, but not on the standard of education."

The foundation stone of the University Campus was laid by Shri C. Rajagopalachari on February 20, 1949. He concluded his address with the words: "Nothing can be achieved unless we learn to be good and correct and self-disciplined and cultivate self-restraint and that, which is called dharma in our beautiful language."

The jurisdiction of this University at that time extended over the entire Rajputana State with the exception of Ajmer-Merwara. In the beginning, it was only an affiliating University with twenty-two colleges in different parts of the state.

The University of Rajasthan has acquired the status of University with Potential for Excellence. Over the years, the University has redefined itself by meeting the challenges of changing trends in the educational system and has made a significant contribution in the field of higher education.

VICE-CHANCELLOR'S MESSAGE

Prof. R. K. Kothari

It gives me great pleasure to welcome you all to the University of Rajasthan, Jaipur. This University was established in January 1947 and ever since then it has become a force to reckon with in the field of Education. Our University was re-accredited with an 'A' grade by NAAC. The status of University with Potential for Excellence was awarded by the UGC to this University. Under the Government of India Rashtriya Uchchar Shiksha Abhiyan (RUSA) we have received a number of grants to conduct courses for the benefit of students in particular and the nation as a whole. The logo of our University is “धर्मो विद्युत्स्य जगतः प्रतिष्ठा” which means “Dharma is base of the whole Universe”. We adhere to this motto in everything that we do. As you enter the Portals of the University, you must be feeling excited and anxious to be a part of this prestigious institution. This University will help you to achieve your goals as you study in an ecofriendly environment where work culture prevails. The Prospectus and our University website provides all relevant information pertaining to your educational requirements. I would also recommend that you keep on visiting the University website and stay in touch with your department officers for continuous upgrading of information. I welcome you once again to the University of Rajasthan and wish you all the best as you start your academic journey in a pristine atmosphere.

धर्मो विश्वस्य जगतः प्रतिष्ठा

FINANCE AT A GLANCE

Institutional Funds & Optimal Utilization of Resources (Other than salary and fees) The University of Rajasthan (UoR) implements a well-structured strategy for mobilizing funds, ensuring optimal utilization of resources to support academic, research, and infrastructural needs. This approach is anchored in diversified funding avenues, financial planning, and effective management of resources.

Regular Source of Income: Primary sources of revenue generation for UoR include:

- Examination and Course Fees: Substantial income is generated through examination fees and course fees for degree, diploma, and certificate courses and self-financing courses.
- Affiliation Fees from Colleges: Fees from affiliated colleges contribute to the University's financial base.
- Income from Certificates and Revaluation: Income is also derived from issuing migration and provisional certificates, and from the revaluation of answer books.
- Hostel and Non-Teaching Departments: Revenues are generated from hostel services and various non-teaching departments.
- Miscellaneous Receipts: Additional funds come from garden income, sale of forms, recovery and various other sources.
- Government Grants: UoR receives substantial grants from the State Government, along with specific funding from the central government agencies.

Financial Management and Fund Utilization

The financial management system at University of Rajasthan is designed to ensure the efficient and transparent utilization of funds. The Finance Committee, led by the Vice-Chancellor, plays a crucial role in examining budget estimates, reviewing accounts, and advising on financial matters. The University follows a rigorous budgeting process, where a committee of senior faculty prepares budget estimates based on departmental needs. The Finance Committee scrutinizes these estimates, ensuring they align with the University's strategic objectives.

University of Rajasthan adheres to a detailed accounts manual that outlines rules for expenditure, ensuring transparency and efficiency. Funds are allocated to various heads, including salaries, examination expenses, maintenance, and research grants, all monitored through a centralized system to prevent overspending.

Through a strategic approach to fund mobilization and resource management, UoR continues to support its mission of academic excellence, research innovation, and infrastructural development.

The Institution regularly conducts internal and external financial audits

The University of Rajasthan has a robust financial auditing system in place to ensure transparency, accountability, and compliance with financial regulations. The university conducts both internal and external audits to maintain accurate financial records and ensure proper utilization of resources across its operations.

The budget of the University is prepared in accordance with the provisions outlined in Volume 3, Chapter 48, Ordinance 385 and 385A, with audits conducted under various heads, including the maintenance budget, income and expenditure of constituent colleges, specific activities, and accounts related to sponsored projects sanctioned by funding agencies like UGC, MHRD, SAP, DST, and ICSSR.

The internal audit system at the university is overseen by an Audit Cell, comprised of permanently deputed accounts service employees from the Government of Rajasthan. This cell ensures that the financial processes across constituent colleges and departments comply with regulatory guidelines and that any discrepancies are promptly addressed. A separate cell also ensures compliance with audit reports from the Accountant General (AG) and the Local Fund Audit Department (LFAD).

Several types of audits are conducted at the University of Rajasthan to ensure that financial transactions are transparent and properly documented:

1. CA Audit: A team of chartered accountants is hired to conduct internal audits, prepare annual accounts, and file GST and income tax returns.
2. Internal Audit: A team of auditors deputed by the state government under the supervision of the university's Financial Advisor conducts audits of all university units. This team reviews all financial transactions to ensure compliance and accuracy.
3. AG Audit: The audit team from the Accountant General's office visits the university annually to audit its financial accounts and other related matters.
4. LFAD Audit: The Local Fund Audit Department, Government of Rajasthan, conducts an annual audit of the financial accounts of the university's colleges and departments.

Additionally, the university has a strong external audit mechanism. Each payment is subject to pre-audit by a resident government auditor, ensuring that no payment is processed without prior verification. The utilization certificates for grants received from various funding agencies are certified by an authorized audit officer. Any objections raised during the audit are addressed before payments are finalized, ensuring timely resolution of financial discrepancies.

To resolve audit objections, the university has a mechanism in place where the concerned units provide the necessary documents and explanations to settle any discrepancies. Regular communication between the departments and the audit teams ensures that audit reports are promptly addressed and any issues are rectified in compliance with regulations.

Overall, the University of Rajasthan's audit process involves multiple layers of checks and balances, including internal audits by government-deputed auditors, external audits by AG and LFAD teams, and pre-audit processes to ensure transparency. This comprehensive auditing system ensures that all financial transactions are thoroughly reviewed, compliant with regulations, and properly documented, fostering financial accountability and integrity within the university.

HIGHLIGHTS

A. University Garden and Nursery

The nursery, situated on an expansive 4-bigha plot, serves as a vibrant and flourishing centre for horticulture. This well-established facility is renowned for its extensive collection of both decorative and shade plants, encompassing a diverse range of approximately 100 to 150 species. To support its operations, the nursery is equipped with essential infrastructure designed to ensure smooth functioning and efficient management. The facility relies on two borewells, two water tanks, and a well to maintain adequate irrigation. This robust water management system is crucial for sustaining the health and vitality of the extensive plant collection. The nursery

also includes three office rooms and two storage rooms. A guard room is also strategically placed on the premises, providing round-the-clock surveillance and protection. The nursery is not only a centre of horticultural excellence but also an economically significant enterprise. Its annual income ranges from 6 to 8 lakh rupees, reflecting its role as a major player in the local plant market. By offering a wide array of plants at competitive prices, the nursery maintains an extensive and cost-effective inventory, making it an attractive destination for plant buyers and enthusiasts.

One of the highlights of the nursery's annual calendar is its prestigious chrysanthemum exhibition. This highly anticipated event, held once a year, garners considerable attention from the community and beyond. It is graced by distinguished guests, including the Governor, Ministers, and the Vice Chancellor, who often serve as the chief guest. The exhibition showcases the nursery's commitment to horticultural excellence and its role in promoting plant cultivation and appreciation within the campus, enhancing its reputation as a hub of botanical innovation and community engagement.

DEPARTMENT OF EUROPEAN LANGUAGES, LITERATURE AND CULTURE STUDIES

Established in 1961, the Department has been a pioneer in offering quality education in foreign languages, with a strong emphasis on student regularity, punctuality, and sincerity. It offers a range of courses in French, German, and Spanish, including:

- Certificate, Diploma, and Post-Diploma courses in French, German, and Spanish
- M.A. in French
- Ph.D. in French

The curriculum is regularly updated to align with the evolving needs of learners. To enhance the learning experience, the Department organizes special sessions such as a cinema club, conversation classes with native speakers, and book readings.

The Department actively hosts academic and cultural events at both national and international levels, providing students with opportunities to develop their language skills and engage with global perspectives. Regular literary sessions in French, German, and Spanish feature renowned authors from around the world. Past sessions have welcomed luminaries such as Ananda Devi, Louis-Philippe Dalembert, Jean-Claude Perrier, Patricia Loison, Sophie Rouvier, and Serena Giuliano. In 2022, the Department proudly hosted a session with Nobel Laureate Annie Ernaux.

Additionally, the Department collaborates with the French Embassy and other institutions to organize conferences, colloquia, workshops, and international exchange programs.

Thrust Areas

As one of Rajasthan's leading institutions, the Department specializes in education and research in the following areas:

Literature, Translation and Interpretation Studies, Didactics, Language and Cultural Studies

The focus areas are continually reviewed and updated to maintain relevance and excellence in the field.

DEPARTMENT OF LIFE LONG LEARNING

Keeping in view the socioeconomic changes taking place in the country, the acquisition of relevant skills and their regular upgrading implies the need for creating a variety of training and learning opportunities. The Department of Lifelong Learning (DLL), (formerly named Dept. of Ault and Continuing Education) caters to the need of continuous development of quality and quantity human resources and upgradation of skills. DLL conducts short-term training courses, workshops, seminars, summer schools, skill development programs, etc., throughout the year.

The department organizes need-based, flexible programs, catering to the diverse needs of small and large segments of people. Under the directions of the Governor the department has adopted Sanganer, Sewapura and Sirohi villages under the Smart Village Scheme, to extend its services towards the upliftment of society on behalf of UOR. The department has been successful in organizing and implementing various programs to bring these sections into the mainstream, addressing issues such as HIV/AIDS, environment conservation, e-learning, sanitation, and entrepreneurship development. DLL also develops teaching, learning, instructional, training, and promotional material to provide academic/technical support to different programs. DLL has engaged in conducting English language teaching classes in rural areas, government schools, and urban slums for the needy and poor, as well as e-learning for senior citizens and deprived sections of society. Collaboration and support for various activities and programs are solicited from university departments, colleges, NGOs, and resource centers of the National Literacy Mission Authority.

Thrust Areas:

Capacity building. Leadership skills, personality development, stress management, career counseling, and guidance program for youth.

Director: Dr. Jayant Singh

D. FACULTY OF FINE ARTS

DEPARTMENT OF DRAMATICS

The Department of Dramatics was established in 1975 with a one-year part-time Certificate Course. Today, it is recognized as one of the most innovative drama departments in the country. By combining traditional theatre studies with performance practices, the Department aims to provide holistic development for its students. It offers a comprehensive five-year training program, followed by the option to pursue a Ph.D. Drama serves as a vital instrument for social and cultural education, offering healthy entertainment through its

audiovisual appeal. It provides a rich artistic and literary experience while channeling the energies of youth into creative pursuits. The skills gained through drama have become essential for personal development and are increasingly valued in various job sectors, including government and corporate fields. With modern drama rooted in society and the expansion of television, employment opportunities for theatre-trained individuals have grown significantly. Additionally, drama is being integrated into school education and mass communication, with NGOs utilizing theatre for initiatives like the Total Literacy Mission, highlighting its role in fostering social awareness. At present the Department of Dramatics of the University of Rajasthan is the only institution in north India where five years of continuous academic U.G. & P.G. study and Ph. D. programme in the subject of Dramatics.

Thrust Areas

Classical Theatre of India and its Dramaturgy with special reference to 'Natyashastra' reference to 'Natyashastra' Socio-Political undertones in the Modern Theatre of India and cross-cultural practice in Secular Theatre Identity Issues in Folk and Indigenous Theatre Experimental Theatre Modern Indian and Western theatre aesthetics, theory and practice, etc.

DEPARTMENT OF DRAWING AND PAINTING

The Department of Drawing and Painting aims to enhance the artistic aptitude and creative talent of the students and scholars in the field of Fine Arts. Special attention is given to the interdisciplinary approach. Innovative ideas and research-oriented aptitude are encouraged and inculcated. Department organized International and National conferences, Seminars, Refresher courses and National and Regional workshops and Demonstrations by the eminent artists. Other Professors from different Universities delivered lectures to train the P.G. students and Research Scholars in the new perspective of Indian Traditional & Contemporary Art.

Thrust Areas

Indian Traditional Schools of Painting, Aspects of Indian Contemporary Art, Folk Arts of India, Aesthetics of Indian & Western Art, Arts & Crafts of different parts of India, Interdisciplinary approach to various arts Artistic study of Archaeological Remains, Animation and Design.

DEPARTMENT OF MUSIC

The Department of Music was established in 1973 with Vocal and Instrumental music (Sitar) as the main subjects. The Department started Tabla & Kathak (Dance) in B.P.A./M.P.A. in 2016. Many nationally & internationally acclaimed performing artists have been part of this department and working at present. The department regularly organizes Conferences, Seminars, work-shops, Concerts and interactive sessions with eminent experts. Lecture demonstrations are also performed by noble Laureates in the department for students' overall development. The department also assess student activities such as "Sangeet Sabha" every fortnight for the students to develop their organizing skills and to motivate them to conduct event programmes. Summer classes are also conducted for freshers to give them a broad outlook on the subject. Teachers and students together contribute to enhancing the cultural era of the University by participating in main events like the Youth Festival, (Ghoomar) and foundation day, etc.

Thrust Areas:

History of Indian Music (Ancient, Medieval & Modern Period), Institutional Music Education, Gharanas of Indian Music, Spiritual Aspects of Indian Music, Aesthetics of Indian Music, Emerging Trends in Indian Music, Role of Mass Media, Folk Music, Dance and Instruments, New Technology and Music, Music Therapy, Contemporary Music, Distance Education in Music.

DEPARTMENT OF VISUAL ARTS

The faculty of Fine Arts started the teaching of professional degree course B.F.A./B.V.A. in the year 1987. After about 13 years of path-breaking hard work by the academic community, the faculty started the M.F.A. under the Self-Financing Scheme (SFS) in the year 2000. The course of M.F.A./M.V.A. has been so designed that a student is given sufficient freedom of expression. Students are allowed to innovate and explore a style of their own which would be essential to establish a distinct identity in the world of Art and Design. The learning at the department is both knowledge and application-based. Along with regular lectures and classroom exercises, students have to work on various workshop exercises to execute their creative thoughts into a substance of Art and Design.

Thrust Areas

Visual art studies encompass a broad range of areas, reflecting the diverse nature of artistic expression and exploration. Specific thrust areas may vary depending on individual interests, academic institutions, and cultural contexts. As an institution, it focuses on studio practices grounded in historical, sociopolitical, cultural, and aesthetic understanding.

E. FACULTY OF LAW

DEPARTMENT OF LAW

The Department of Law has a rich history, dating back to 1947 when the university was founded. Initially housed in the University Maharaja College, Jaipur, it was later shifted to the University of Rajasthan in 1953. The department started offering LL.M. courses and subsequently introduced diplomas in Labour Law, Criminology, and Taxation. It finally became an independent department in 1993. Since then, the department has expanded its offerings to include a P.G. Diploma in Environmental Law (SFS Course) and an LL.M. in Human Rights and Value Education (SFS Course). Additionally, the department offers a Ph.D. programme in Law. The alumni have excelled in their careers, holding prestigious positions such as Supreme Court/High Court Judges, Senior Advocates, civil servants, judicial officers, law officers, academia, and bankers among others.

Thrust Areas

International Law, Cyber Law, Intellectual Property Laws, Law of Torts & Crimes, Personal Law, Labour Law, Consumer Law, Corporate Law, Mercantile Law, Human Rights, and Constitutional Law.

Programmes

F. FACULTY OF MANAGEMENT

R. A. PODAR INSTITUTE OF MANAGEMENT

The University R.A. Podar Institute of Management (RAPIM) was established in 1974 as a constituent unit of the University. It was the sixth B-School to be established in the country. The Institute has carved out a niche for itself in the field of management education, especially among the state university-level B-Schools. In addition to the permanent faculty, the highly experienced visiting faculty add rigor to the academic program. The curriculum is contemporary and taught through interactive pedagogies.

In addition to the M.B.A. courses, RAPIM also offers a Ph.D. program in Management. Its alumni are well placed in the corporate sector, civil services, banking and other financial services, management academics, business, and consulting. Commitment to excellence within the given resources is the motto of RAPIM. Student-centric teaching, personality development, grooming, games, and sports are an integral part of the learning experience here.

Thrust Areas

Strategic Management, Human Resources Management, Marketing, Finance, and Entrepreneurship.

Programmes

G. FACULTY OF SCIENCE

DEPARTMENT OF BOTANY

Established in 1960 at Jaswant College, Jodhpur, the Department of Botany was shifted, Jaipur in July 1963 and to its present building in May 1971. It is one of the largest and oldest departments of Botany in the country, known for its pioneering work in the fields of Mycology, Plant Pathology, Biosystematics, Morphology, and Embryology. The Department has received generous financial support from MHRD-RUSA 1.0 & 2.0, UGC-DRS PHASE I&II, and DST FIST in addition to support from UGC, CSIR, DST, DBT, ICAR, ICMR, Rockefeller Foundation, DAAD, and other funding agencies. The faculty has been awarded prestigious fellowships including Fulbright, Rockefeller, European Commission, DAAD, AV Humboldt, DANIDA, DFG National Overseas Commonwealth, INSA, etc. Research students include NET-qualified various fellowship holders, post-doctoral fellows, Research Associates, and Women Scientist awardees. PG students also do DST-KARYA summer internships in premier CSIR labs in the country.

Thrust Areas

Plant Pathology and Microbiology, Morphology & Developmental Anatomy, Molecular Biology and Plant Biotechnology, Plant Physiology, Biochemistry, Herbal Medicines & Bioactive Compounds, Algal Biotechnology and Lichenology, Conservation Biology, Ecology and Biosystematics, Stress Physiology & Nanotechnology.

Programmes

S.N.	Programme	Duration
1.	Ph.D. Botany	3 years

27.	Poonam Meena	Assistant Professor	Plant Pathology (Nematology), Microbiology, Ethnobotany
28.	Prakash	Assistant Professor	Plant pathology & Plant virology
29.	Praveen Mohil	Assistant Professor	Taxonomy, Herbarium Botany, Ecophysiology
30.	Praveen Soni	Assistant Professor	Stress Physiology and plant molecular biology, Crop biotechnology and genetic engineering, Transgenesis, Signaling mechanism under abiotic stress
31.	Preeti Mishra	Assistant Professor	Plant Pathology: Plant Pathogen Interactions (Insect and Fungal diseases); Plant Disease Management through Biological Control and Nano-biotechnology
32.	Priya	Assistant Professor	Nanotechnology and Ecology
33.	Ridhi Joshi	Assistant Professor	Plant tissue culture, Plant Biochemistry & Plant Pathology
34.	Rishikesh Meena	Assistant Professor	Plant Pathology, Ethnobotany, Nanotechnology, Biotechnology
35.	Shikha Gupta	Assistant Professor	Phycology, Ecology & Environment studies
36.	Vinay Kumar Meena	Assistant Professor	Plant Biotechnology and Ethnobotany

DEPARTMENT OF CHEMISTRY

The Department of Chemistry came into existence in July 1960 and ever since its inception has been at the forefront of higher education and research in Rajasthan. It is the largest Department in the University of Rajasthan providing a platform with an enriching academic atmosphere to students to realize the goals of quality enhancement and diverse opportunities in cutting-edge sustainable research. The Department offers M.Sc. Chemistry and Ph.D. courses at the University campus. The Department focuses on both the updated teaching curriculum providing a choice of elective courses and the opportunity to undertake a research project for PG students.

The Department has been the recipient of the major equipment grants under the FIST programme of the Department of Science and Technology, Government of India and the BSR grant of the UGC. Faculty members and research students have received prestigious awards and fellowships and collaborated with international research organizations in Germany, the UK, the USA, Australia, Japan, Taiwan, and more. Local Chapters of three eminent national scientific societies Chemical Research Society of India (CRSI), Bengaluru; Indian Society of Chemists & Biologists (ISCB), Lucknow and Society for Materials Chemistry (SMC India), Mumbai also function from the Department and organize various academic and student-recharging activities under these banners.

Thrust Areas

Biologically Important Heterocycles, Biochemistry, Biomedicine and Biomaterials, Coordination and Bio-inorganic Chemistry, Corrosion Science and Electrodeics, Computational Chemistry and Molecular Modeling, Environmental Chemistry, Green Chemistry, Material Science and Nanotechnology, Natural Products and Pharmaceutical Chemistry, New Synthetic Approaches, Reagents and Catalysis, Organic Synthesis and Functionalization, Organometallic and Metalloorganic Chemistry, Polymer Chemistry and Macromolecules, Reaction Dynamics and Electrochemistry, Renewable Energy and Energy Storage.

DEPARTMENT OF GEOGRAPHY

The Department of Geography was established in 1962 at the University Rajasthan College, Jaipur for undergraduate level under the Arts Faculty. Thereafter, from 1974 and 1987, undergraduate teaching began in the Science Faculty at University Maharaja's College and the Science/Arts Faculty at University Maharani College respectively. The Post Graduate Department was established in 1967. The faculty members of the Geography Department are actively engaged in research programmes. The Department of Geography also possesses one of the richest infrastructure facilities in India. It has a well-equipped Remote Sensing and Geographical Information System Laboratory. The Department also provides Library facilities to cater to the academic needs of its students and faculty.

Thrust Areas

Sustainable Development, Political Geography, Tourism Development, Crime Geography, Urban Geography, Medical Geography, Disaster Studies, Geoinformatics Applications, Geomorphology, Environmental Geography, Land Use/Land Cover, Geography of the Vedic Period, Health Tourism, Global Issues, Settlement Geography, Desertification Studies, Agricultural Geography, Resource Geography, Issues of Global Importance, Trade and Transport Geography, Border Area Road Network (Bharat Mala), Water Resource Geography, Industrial Geography, Climate Change Studies, Population Geography, Rural Geography, and Tourism.

DEPARTMENT OF GEOLOGY

The postgraduate Geology classes began at Maharaja College in 1985 and achieved departmental status in 1987. By 1989, the Department had moved to its own dedicated building on the University campus. Since its establishment, the Department has secured numerous research projects from various agencies and established international collaborations, resulting in publications in high-impact peer-reviewed journals. This has positioned the Department as one of the leading geology departments in Rajasthan.

The Department's key contributions include research in geochemistry, tectonics, paleontology, isotope geochemistry, hydrogeology, and water resource management. The Departmental Museum boasts an impressive collection of rocks, minerals, and fossils from across India. Most of the students are selected for the Geological Survey of India (Gol), Central Ground Water Board (Gol), Directorate of Mines and Geology (GOR), Ground Water Board (GOR), ONGC, HZL, Cairn India, Vedanta and other private geo exploration agencies. Field trips are conducted as a part of the M.Sc. curriculum that allows the students to learn the practical aspects and develop a better understanding of the subject in the field.

Thrust Areas

Geochemistry, Tectonics, Palaeontology, Isotope, Geochemistry, Hydrogeology, Paleomagnetism, Mineral Resources, Geochronology, Water Resource Management, and Environment Geology.

7.	Dr. N.S. Mahla	Associate Professor	Paleontology, Sedimentology, Phanerozoic Stratigraphy
8.	Mr. Satyapal Singh	Assistant Professor	Plant Biochemistry

DEPARTMENT OF HOME SCIENCE

The Department of Home Science was established in 1985. The Department offers post-graduation in 3 subjects i.e., Foods and Human Nutrition, Human Development and Family, and Development Communication and Extension. The Department also offers Ph.D. programmes in Foods and Human Nutrition, Human Development and Family, Development Communication and Extension, Clothing and Textiles, and Family Resource Management. The undergraduate courses include B.Sc. Home Science; and B.A. Home Science as a subject is offered at University Maharani College.

UNICEF, Rajasthan recognized the Department as the State Centre of Excellence (SCOE) for Nutrition in July 2019. The Department is engaged in community outreach projects in collaboration with various Government Departments, Non-Government organizations and International Agencies such as UNICEF, DWCD, NHM, CARE, DST, Prayas, DISHA and UMANG. Areas of work include nutrition and health of vulnerable groups, clinical nutrition; holistic wellness and human development across the life span, children with special needs; apparel designing for special needs, innovative textile designing, waste management etc.

Thrust Areas

Foods and Human Nutrition, Public Health Nutrition, Clinical Nutrition and Dietetics, Food Safety, Development and Health, Child, Women, and Family Development, Human Development, Education and Communication, Extension Services, Waste Management, Evaluation of Community Development Programs, Family Resource Management, Media and Development, Clothing and Textiles, Consumer Behavior, Handlooms and Traditional Textiles, Socio-Techno-Economic Studies, Child, Parenting, and Personality Development, Outreach to Underprivileged Segments of Society, and Rural Mapping for Needs Assessment.

DEPARTMENT OF MATHEMATICS

The Department of Mathematics was established in 1960 in pursuance of the general policy of the University of Rajasthan to expand facilities for post-graduate and research studies by starting a new Department, especially in the faculty of science at Maharaja College. The Department got its permanent abode on the second floor of the Vigyan Bhawan on the University Campus in 1964. M.A./M.Sc. and Pre-Ph.D. classes are held in the Department of Mathematics and the undergraduate B.A./B.Sc. classes are being run in the three University Constituent Colleges of the University, namely Maharaja College, Maharani College, and Rajasthan College.

The Department is enriched with an NBHM library and well-equipped Computer Laboratory set up under the FIST programme by DST. The Department of Mathematics has been awarded UGC DRS I & II under SAP by the UGC for more than five years. The Department supports research programmes in a variety of domains of Pure and Applied Mathematics and is known for quality research publications in national and international journals.

Thrust Areas

Fluid Dynamics (Porous Medium, Heat Transfer, Non-Newtonian Fluids, MHD Boundary Layer Theory), Bio-Fluid Dynamics, Operations Research, Integral Transforms and Special Functions, Fractional Calculus, Numerical Methods, and Graph Theory.

DEPARTMENT OF PHYSICS

The Department of Physics was established in the year 1960. The Department was given the status of Centre for Advanced Studies (CAS) by the University Grants Commission for 2015-20. The Department offers an M.Sc. (Physics) four-semester programme and a Ph.D. programme in different experimental and theoretical fields. The Department has received support under FIST Phase-III Level-2 from DST, Government of India.

Research groups of this Department have active collaborations with BARC and TIFR (Mumbai); PRL (Ahmadabad); ISRO (Bangalore); IUAC (New Delhi); IIT Delhi; UGC-DAE CSR (Kolkata, Indore, Mumbai); University of Munich (Germany); Synchrotron Radiation Centers (Italy, Japan); ICTP (Italy); J/- (Russia), Postech (Korea) and Czech Institute of Physics (Czech); BHU Baroda; Brno University of Technology; Czech Republic; University of Tarapaca, Africa; CBPF, Brazil, etc. Prof. B.L. Saraf (Eminent Scientist and innovator), Prof. S. Lokanathan (Eminent Academician), Dr. Jainendra Kumar Jain (Professor at Univ. Pennsylvania, USA and Infosys Chair Visiting Professor at IISc), Dr. J.C. Vyas (Scientist, author, science Communicator), are some of the notable alumni of the Department.

Thrust Areas

Condensed Matter Physics, Theoretical High Energy Physics & Cosmology, Nanotechnology, Reactor Physics, LASER Physics, High Energy Nuclear Physics, Plasma Physics, Microwave Electronics, Hydrogen Energy, and Solar Energy.

Programmes

28.	Kishan Kumar	Assistant Professor	Plasma Physics
29.	Mahendra Kumar Gora	Assistant Professor	Condensed Matter Physics
30.	Mamraj Singh	Assistant Professor	Ultrafast Spectroscopy, Non-Linear Optics
31.	Narendra Jakhar	Assistant Professor	Radiation Physics and material science
32.	Priyanka Meena	Assistant Professor	Condensed Matter Physics
33.	Pura Ram	Assistant Professor	Synthesis and Characterization of New Materials for Li-ion Rechargeable batteries, Application of Solar Energy and Energy Storage Devices
34.	Rekha Yadav	Assistant Professor	Condensed Matter Physics
35.	Sanjay Kumar	Assistant Professor	Strongly Correlated Electron System (Experimental)
36.	Sanjeev Kumar	Assistant Professor	Experimental High Energy Physics (CMS Collaboration)
37.	Subhash Chandra	Assistant Professor	Condensed Matter Physics and Nano Technology
38.	Suchitra Yadav	Assistant Professor	Condensed Matter Physics
39.	Summaiyya Saleem	Assistant Professor	Microwave Electronics
40.	Sunita Mahawar	Assistant Professor	Solar Energy

DEPARTMENT OF PSYCHOLOGY

The Department of Psychology was established in 1971. The Department is well known for its excellence in academic and research programs in various areas of Psychology. Activities of the department have reflected a marked growth over the last few decades. The department has been updating the curriculum that allows students to pursue the extensive breadth of psychology in terms of behavioural phenomena studied, the variety of methods and theoretical approaches employed. The curriculum also provides excellent opportunities for research experience in the form of practicum and participation in a wide variety of research projects. Throughout the curriculum, the department emphasizes the empirical basis of interventions and assessment methods for an all-round development of the students.

The department is devoted to training students to advance theory and create knowledge that helps to address real-world problems. The Department provides an internship program to bridge academic learning of theory with community application of knowledge.

Thrust Areas

Clinical Psychology, Criminal Psychology, Social Psychology, Environmental Psychology, Cognitive Psychology, Developmental Psychology, Industrial and Organizational Psychology, Counselling Psychology, Educational Psychology, Psychology of Gender, Indian Psychology, Positive Psychology, and Ecological Psychology.

5.	Uma Mittal	Associate Professor	Clinical, Cognitive, Positive Psychology
6.	Mukta Singhvi	Associate Professor	Clinical Behaviour
7.	Rashmi Choudhary	Associate Professor	Clinical Behaviour
8.	Tajender Kaur	Associate Professor	Positive Psychology
9.	Chandrani Sen	Associate Professor	Organizational Behavior, Positive psychology
10.	Vishva Chaudhary	Assistant Professor	Clinical and Social psychology
11.	Jyoti	Assistant Professor	Clinical psychology

DEPARTMENT OF STATISTICS

The University Department of Statistics was established in 1962. The Department is engaged in teaching U.G., P.G., and M.Phil. Classes and Research work. The thrust areas of the Department include the Design of Experiments, Statistical Inference, Distribution Theory, Applied Statistics, Statistical Computing, Sampling Theory, etc. The Department of Statistics is well equipped with one Computer Lab and licensed statistical software like SPSS, MINITAB and STATA. Some freeware software is also available in the Computer Lab. The subject has applications in many fields such as Actuarial, Science, Agriculture, Business, Management, Pharmaceutical & Medical sectors etc.

Thrust Areas

Statistical Inference, Design of Experiments, Distribution Theory, Sampling Theory, Reliability Analysis, Medical Statistics, Environmental Statistics, Computer-Based Statistical Techniques, and Applied Statistics.

Programmes

4.	Santosh Kumar Gupta	Associate Professor	Sampling Theory and Statistical inference
5.	Santosh Kumar Gupta	Associate Professor	Applied statistics
6.	Pankaj Nagar	Associate Professor	Sampling Theory and Statistical inference
7.	Ajeet Kumar Singh	Assistant Professor	Sampling Theory and Statistical inference
8.	Deepa Mordia	Assistant Professor	Applied statistics
9.	Neha Arora	Assistant Professor	Sampling theory
10.	Rashmi Bundel	Assistant Professor	Survival Analysis, Fuzzy Reliability Analysis and Statistical Inference
11.	Shilpa Yadav	Assistant Professor	Sampling theory

DEPARTMENT OF ZOOLOGY

The Department was established in the year 1960 at the Jaswant College, Jodhpur. In 1963 it was shifted to the Vigyan Bhawan of the University of Rajasthan and finally to its newly constructed present building in October 1966. Since, its inception the Department has received generous financial support from various International & National funding agencies like the Ford Foundation (USA), Rockefeller Foundation (USA), National Institute of Health (USA) United States Department of Agriculture PL480 (USA), UGC-ULP, DRS, COSIST, SAP, DST- FIST (Phase-1) twice in Zoology in the Year 2005 & 2012. The Department has completed CAS (Phase-II) under DST support. Besides the major funding, several faculty members have received financial support from different funding agencies like UGC, CSIR, BRNS, ICMR, DST, DBT, and MHFW. Research Scholars include NET (UGC & CSIR) JRF, ICMR-JRF,

DST- INSPIRE Fellows, Research Associates and Women Scientist awardees. The Department is known for its pioneering research in the fields of Radiation Biology, Reproductive Biology, Cancer Biology, Environmental Biology & Toxicology, Entomology, Microbiology and Developmental Biology. The faculty has been awarded several prestigious fellowships including DAAD, AvHumboldt, FulBright, Smithsonian, etc. The Department celebrated its Golden Jubilee in the year 2010. Alumni meetings have been held with good participation from the ex-students. The Alumni hold various important positions in teaching, research and administrative services in India and abroad.

Thrust areas

Animal Behavior, Cancer Biology, Cell and Molecular Biology, Endocrinology, Radiation Biology, Entomology, Reproductive Biology, Environmental Biology, Ethno Biology, Nano Biotechnology, Microbial Technology, and Toxicology.

Programmes

H. FACULTY OF SOCIAL SCIENCE

DEPARTMENT OF ANTHROPOLOGY

Anthropology is the study of man from biological and socio-cultural perspectives. This Single Department of Anthropology teaching and research in Rajasthan was established in 1988 as a response to undertake studies to bridge the gap between the perception of people and the agencies of development. Anthropology helps in understanding the challenges faced by humanity and provides solutions to overcome them by learning from our past and 'others'. Anthropology has an important role in policy-making for development and social justice by exploring new possibilities in a changing world. The Department offers PG and Ph.D. programmes at the University level.

Thrust Areas

Social Anthropology, Society and Culture of Rajasthan, Anthropology of Religion, Anthropology of Gender, Applied Anthropology, Tribal Anthropology, Medical Anthropology, Rural Communities and Peasant Society.

Programmes

S.N.	Programme	Duration
1	Ph. D.	3 years
2	M. A./M. Sc. Anthropology	2 years

DEPARTMENT OF ECONOMICS

The Department of Economics, established in 1949 is one of the oldest teaching Departments of the University. It has the privilege of being associated with eminent economists of national and international repute such as the Late Prof. M.V. Mathur, the Late Prof. Raj Krishna, Late Prof. Raja. J. Chelliah, Prof. G.S. Bhalla, Dr. C. Rangarajan, Prof. Y.K. Alagh, Dr. Ramesh Bhatia, Prof. Kanta Ahuja, Prof. M.C. Vaish, Prof. B.C. Mehta, Dr. Arvind Pangariya and so on. The Department regularly publishes a research Journal "Arthshodh". Niti Aayog (erstwhile Planning Commission) was established as a Chair in the Department in 1996. Under the aegis of this chair, various research projects are undertaken regularly. The Department pays tribute to the legacy of Prof. Raj Krishna through an annual lecture series. The Economics Department actively organizes seminars, symposiums, workshops, and special lectures on topics of contemporary significance.

Thrust Areas

Health Economics, Infrastructure Economics, Regional Economics, Public Economics, Rural Development, Human Resource Development, Financial Institutions and Banking.

Programmes

S.N.	Programme	Duration
1	Ph. D.	3 years (including course work)

14.	Shilpi Saini	Assistant Professor	International Trade, Mathematical Economics & Econometrics
15.	Suman Chandolia	Assistant Professor	Banking and Finance
16.	Swati Batra	Assistant Professor	Agricultural Finance, Indian Economy
17.	Swapnil Bhardwaj	Assistant Professor	Macro Economics and Industrial Economics
18.	Ummed Singh	Assistant Professor	Public Economics and Environmental Economics

DEPARTMENT OF HISTORY & INDIAN CULTURE

The Department of History was set up in 1950, acquiring its present nomenclature as the Department of History & Indian Culture in 1962. It is one of the largest History Departments in India offering a rich spread of courses in ancient, medieval, and modern Indian, Rajasthan and World History divided into four semesters covering two years. Apart from offering traditional courses, the Department has since long introduced avant-garde themes like Buddhist studies, ecology, Indian diaspora, historical tourism, etc. The Department has acquired distinction for its emphasis on multiple components of historical knowledge-ideas and thought, political, social, religious, and cultural movements, art and archaeology, historiography, philosophy of history, regional history, contemporary history, women's history, etc.

Thrust Areas

History of Rajasthan, Gender and History, Indian Historiography, History of Buddhism, History in Literature and Cinema, Historical Tourism, India and South-East Asia, Diaspora Studies, and Contemporary India.

24.	Vandana Agrawal	Assistant Professor	Ancient Indian History
25.	Yash Jain	Assistant Professor	Modern Indian History

DEPARTMENT OF POLITICAL SCIENCE

The Department was founded in 1962 with such illustrious founding fathers as Prof. S.P. Verma, Prof. Iqbal Narain, Prof. C.P. Bhambri, and Prof. Raman Murti. The Department has been the nursery of Vice Chancellors and great administrators. Prof. Iqbal Narain had been the Member Secretary, of ICSSR and the Vice Chancellor of NEHU, BHU and the University of Rajasthan. Prof. V.R. Mehta has been the V.C. of Kota Open University, JNVU, Jodhpur and Delhi University. Prof. K.L. Kamal had been the V.C. of the University of Rajasthan. Prof. Naresh Dadhich was the V.C. of Vardhman Mahaveer Open University, Kota for two terms (2006-2013). Prof. B.M. Sharma was the V.C. of Kota University and the Chairperson of the Rajasthan Public Service Commission. Prof. Roop Singh Bareth was the V.C. of M.D.S. University, Ajmer.

Many of the pioneer courses like Modern Political Theory, Comparative Government and Institutions and State Politics were formulated here and were later adopted in other Universities. A new Course on Contemporary Political Theory was also introduced. The Department is one of the earliest to be given a University Leadership Programme in the country by the University Grant Commission 1978.

Thrust Areas

Political Theory, Western Political Thought, Indian Political Thought, Indian Government and Politics, International Politics, Comparative Politics, Public Administration, Human Rights and Gender Studies, Police Administration, Panchayati Raj, Peace Studies, Gandhian Political Thought, Foreign Policies, South Asia, West Asia, Socialist Political Thought, Disaster Management, Social Welfare Administration, Economic Administration, and Public Administration in India.

DEPARTMENT OF PUBLIC ADMINISTRATION

Public Administration as a discipline began its journey in association with Economics at the University of Rajasthan in the year 1957 as the Department of Economics and Public Administration. In 1965, an independent Department of Public Administration was established by carving out from the economics discipline in the School of Social Sciences. Since its inception, the Department at the University of Rajasthan has significant faculty strength, good infrastructure facilities and rich academic potential. The Department was sanctioned Special Assistance Programme (SAP) by the University Grants Commission in 2008. Significant academic contribution by the faculty members has brought rewards in achieving Fulbright, Indo-Canada Shastri, and Commonwealth Fellowships. It is a matter of pride that the faculty of the Department was awarded a patent for the concept of Governo metrics.

Thrust Areas

Administrative Theories, Urban Governance, Administrative Reforms, Development Administration, Human Resource Management, Public Sector Management, Recent Trends in Administration, E-Governance & Good Governance, Human Rights, Sustainable Development, Governance, Ethics & Integrity, Public Policy, Public Finance, Role of Civil Societies & NGOs, Affirmative Action and Inclusive Policy, Internal Security and Police Administration, Social Work & Welfare Administration, Rural Local Administration, Administrative Law, Environment & Governance, Constitutional System & Public Administration, Disaster Management.

DEPARTMENT OF SOCIOLOGY

The department of Sociology was established on 6th July 1961 and is one of the most vibrant departments at the University. Professor T.K.N. Unnithan was the founded Head of the department. In its early years, notable faculty members such as Professor Yogendra Singh, Professor Indra Dev, Professor Ram Ahuja, Professor Satyendra Tripathi, Professor Indu Mathur, and Professor N.K. Singhi made significant contributions to the development of the discipline. The department continues to uphold this legacy by organizing various academic activities, including two annual memorial orations: the 'Prof. N.K. Singhi Memorial Oration' and the 'Prof. Ram Ahuja Memorial Oration.' It also hosts an Advanced Seminar Club that arranges special lectures, interactive sessions, and workshops for the benefit of both students and faculty. Additionally, the department offers classes designed to raise awareness about competitions and foster personality development, all without imposing any additional financial burden on the students.

I. FACULTY OF ENGINEERING AND TECHNOLOGY

CENTRE FOR CONVERGING TECHNOLOGIES

The Centre for Converging Technologies (CCT) at the University of Rajasthan is designed to enhance quality education and advance high-standard research in frontier areas such as Nanotechnology, Biotechnology, and Bioinformatics, Information & Communication Technology, and Cognitive & Neuroscience (NBIC) technologies to accelerate the techno-economic development of the country. The goal and vision of the Centre include creating and maintaining a critical mass of Converging Technologies research specialists who can effectively contribute to industry and societal needs. It focuses on interdisciplinary research in Nanotechnology, Bioinformatics, Biotechnology, Information and Communication Technology, and Cognitive and Neuroscience. The Centre aims to establish a robust training and research base in academia, making it an attractive international training ground for Converging Technologies, and to generate, design, and apply NBIC technologies innovatively. Three MoUs are signed with DAE (Department of Atomic Energy, Govt. of India); RI-IHS, Birla Institute of Scientific Research (BISR) and Awadh University.

Thrust Areas:

Nanotechnology, Biotechnology and Bioinformatics, Information and Communication Technology, Cognitive and Neuroscience.

ENGAGING CENTRES

UNIVERSITY INNOVATION CLUSTER IN BIO-TECHNOLOGY (UIC-B) E-YUVA

The E-YUVA (Encouraging Youth for Undertaking Value-Added Innovative Translational Research) Scheme, funded by the Biotechnology Industrial Research Assistance Council (BIRAC), aims to foster a culture of applied research and need-oriented (societal or industry) entrepreneurial innovation among young students and researchers. The scheme is implemented through the E-YUVA Centre (EYC) at the University of Rajasthan, which promotes an entrepreneurial culture through fellowship, annual research grants, pre-incubation support, and mentoring. EYC, located within the University campus and mentored by the BIRAC BioNEST supported TIDES Business Incubator of IIT Roorkee, provides support for students under two categories.

DESIGN INNOVATION CENTRES

Under the National Initiative for setting up Design Innovation Centres, approved by the Ministry of Human Resource Development, Government of India, the Design Innovation Centre (DIC) has been established at the Centre for Converging Technologies, University of Rajasthan, Jaipur. The DIC is supported by three partner institutions: Birla Institute of Scientific Research, Jaipur; RK Patni Government College, Kishangarh; and Lachoo Memorial College of Science and Technology, Jodhpur.

This initiative aims to foster participation, interaction, and collaboration between academia and industry in design innovation, with a focus on converging technologies. The goal is to develop a dynamic curriculum for process, product, and system design that aligns with both industry needs and societal demands.

The key objectives of the DIC are to promote design education, foster a culture of design thinking, and encourage student innovation. It seeks to integrate various resources to create a platform for university-industry partnerships, thereby forming a design innovation network that nurtures pioneering ideas and converts them into commercially viable projects. The training programs offered by the DIC include Food Design, Computer-Aided Drug Design (CADD) in association with Birla Scientific Industrial Research (BISR), Inclusive Development in Materials Science, Clinical Medical Informatics in collaboration with SMS Medical College and BISR, Instrumentation Techniques in Science and Technology, and Intellectual Property Rights/Patents, among others.

USIC: UNIVERSITY SCIENCE INSTRUMENTATION CENTRE

The University Science Instrumentation Centre (USIC) at the University of Rajasthan, established in the late 1970s with initial support from the University Grants Commission (UGC), plays a crucial role in academic and industrial research by providing advanced instrumentation facilities. The Centre's primary objectives are to house high-end research instruments and offer specialized instrumentation services for spectral, thermal, chemical, and microstructural analysis. It supports internal and external researchers, including faculty, scholars, and students, with critical tools for scientific research.

The USIC is equipped with sophisticated instruments such as SQUID, SEM, TEM, GC Mass spectrometer, LC Mass spectrometer, and FTIR spectrometer. These instruments cater to the needs of University Science Departments and other institutions for research in areas like cancer research, virology, nanotechnology, and biotechnology. They are also available for future use by industry.

The Centre is dedicated to enhancing the quality of scientific publications and promoting experimental research. Its thrust areas include nanomaterial characterization and the magnetization of Nano and bulk materials. USIC's infrastructure features major research facilities.

Vision

Scientific instruments may be usefully regarded as the capital goods of scientific research. That is to say, the conduct of scientific research generally requires some antecedent investment in specific equipment to enhance the ability to observe and measure specific categories of natural phenomena. In due course of time, UOR-USIC may play its role in enhancing quality publications and also encourage more people to go for experimental research for practical applications.

STUDY CENTRES

1. CENTRE FOR JAIN STUDIES

On the auspicious occasion of Lord Mahaveer's 2500th Nirvana Mahotsava, the Centre for Jain Studies was established in 1974 and a Chair was founded for promoting research work in Jainism. The Centre has a missionary zeal to sponsor and promote research in Jain Studies and other aspects of Comparative Religions and Culture.

At the time of the establishment of the Centre the University had taken a decision that Jainology be treated more as an area of research and the main purpose for establishing the chair should be to encourage the study of Jain religion and ethics in the related departments i.e. Sanskrit, Hindi, Philosophy, Psychology, Sociology, Political Science, Public Administration and History, already existing in the University, and conduct and direct research in the field of Jainology.

To attract the diversified Jainological studies the University also accommodated the study of source material, ideas, thoughts, literature and history of Jainism to be studied as special papers in the regular courses of the Department of the Sanskrit, Philosophy and History with the co-operation and guidance of the person occupying the chair in Jainology. In view of this decision the PG classes in Jain Studies are being taken with PG departments of History, Sanskrit and Philosophy of the University and the faculty of the Centre has been associated with them ever since the establishment of the Centre.

Programmes

S.N.	Programme/course	Duration
1.	Ph. D.	3 years (including course work)
2.	PG Diploma in Jain Studies & Archaeology	1 year
3.	Certificate course in Jain darshan and Sanksriti	1 year

2. CENTRE FOR ADVANCED STUDY IN PHILOSOPHY

The centre has its genesis in UGC's Special Assistance Programme which completed its four phases under the dynamic leadership of Prof. Daya Krishna, Prof. Biswambhar Pahi Prof. Kushum Jain, Prof. Yogesh Gupta and others. It was granted the status of "Centre for Advanced Studies" by UGC in 2005. The First Phase was completed in 2010. In 2014 UGC renewed the CAS status and its II Phase started in 2015 and the second Phase of CAS was completed in 2020. The centre publishes a biannual and bilingual journal of international repute. Journal of Foundational Research.

Thrust Areas

- ☐ Indian Philosophy with emphasis on Contemporary Indian thinkers
- ☐ Logic, Epistemology, and Philosophy of Science
- ☐ Value Studies with Religious, Socio-Moral, and Political Philosophy

3. CENTRE FOR ENTREPRENEURSHIP & SKILL DEVELOPMENT

The Centre for Entrepreneurship & Skill Development (CE&SD) has been established to develop entrepreneurial skills among youth in Rajasthan. To achieve this goal, the CE&SD runs academic programmes, organizes seminars and workshops, and facilitates faculty interaction and discussion. The Centre also organizes entrepreneurship camps, training programmes, EDPs, and short-term courses for the benefit of students. The Centre is instrumental in creating and supporting an entrepreneurial climate in Rajasthan. The Centre seeks to develop a basic understanding of entrepreneurship among youth and focuses on cultivating essential entrepreneurship skills.

4. CENTRE FOR COMPUTER SCIENCE & INFORMATION TECHNOLOGY

The Centre for Computer Science & Information Technology was established in the year 1986, offering initially certificate courses in Computer Science and Instrumentation. The Centre introduced a three-year MCA course in 1990. It shifted to its own building in 1996 and the Centre merged with USIC with the name Institute of Informatics in the year 2002 and the same course. The Centre is renamed University Centre for Computer Science & Information Technology (UCCS & IT) in the year 2007. The Centre has earned the stature of one of the most exciting and innovative Centre in the field of Computer Science and Information Technology in the state of Rajasthan. The students of the Centre participate in seminars and interact with various industry experts. A good number of students of MCA and M.Sc. (IT) have made a mark in different walks of life e.g. Government Sectors, Research, Teaching, Civil Services, Defense, MNCs, etc. The Department provides a learning-friendly environment enabling students to meet global requirements. The Centre supports campus placements with reputable companies such as

Eoxi IT Solutions Ltd, Bricks Minds Software Solutions, Appcino Technologies, StartBit IT Solutions, and Arya Engineering College in Jaipur. Scholarships are also available through the Samaj Kalyan Vibhag, highlighting the Centre's commitment to academic excellence and student success.

5. CENTRE FOR DEVELOPMENT OF PHYSICS EDUCATION

The Centre for the Development of Physics Education (CDPE), established in May 1978 by the University Grants Commission, has consistently advanced physics education through innovative methods and resources. Originating from the successful University Leadership Programme (1971-78), CDPE focuses on developing new physics experiments and literature, assisting institutions through contact programs, and fabricating and supplying equipment on a no-profit, no-loss basis. The Centre's contributions include over 100 developed experiments and the provision of equipment to universities and institutions both within India and abroad. Notably, these resources are used in ICTP-sponsored training programs at institutions like the University of Dar-es-Salaam, the University of Maiduguri, and the University of Zimbabwe. The Centre's Coupled Oscillator even won the First Prize at an international competition. Committed to fostering educational excellence, CDPE supports research in the Physics Department, enhances IT infrastructure for academic reforms, and organizes workshops and training programs for educators and students through the INSPIRE Programme of DST, Government of India. Its mission is to revolutionize physics education by creating engaging, accessible, and impactful learning experiences, with a vision to empower educators and inspire students to explore the wonders of the physical universe.

6. CENTRE FOR NON-CONVENTIONAL ENERGY RESOURCES

A reliable supply of energy is a key issue of this century. With the aim to achieve this need of human life, the Centre for Non-Conventional Energy Resources (CNCER) was established in the year 2000. The aim of the Centre is to work for Green energy/power. This Centre is mainly established for the purpose of research in the field of renewable energy and material science. This course deals with the issues of alternative energy sources and sustainable development such as Thin films (surface & Interfaces), Solar Cells, Hydrogen Storage (Content measurements & kinematics), Nanostructure & Nano materials synthesis & their characterization for various applications. During the course, the research students are learning

and measuring (hands-on practice) the data through live experiments at the Centre or National/International Collaborative Institutions. The experiments included in the laboratories are based on the theoretical course structure and the research students are allowed to enrich their subject knowledge by independently exploring these experiments for various applications under the supervision of teachers. The thrust areas include Hydrogen Energy: Storage and Applications, Solar Energy: Materials and Devices, Thin Films: Surfaces and Interfaces, and Amorphous Semiconductors.

7. INDIRA GANDHI CENTRE FOR HUMAN ECOLOGY, ENVIRONMENTAL AND POPULATION STUDIES

The Indira Gandhi Centre for Human Ecology, Environmental, and Population Studies was established in 1984. In 1997, the Centre was granted the status of a Department at the University of Rajasthan, Jaipur. Under the COSIST programme, with financial and other support from the UGC, the Department introduced a two-year Master's degree course (M.Sc.) in Environmental Science in July 1997. Additionally, one-year P.G. Diploma courses in Human Ecology, Environmental Studies, and Population Studies were introduced in 1984-85. The department aims to train future generations to address environmental issues sustainably, with a focus on practical, society-driven research. Learning is enhanced through field trips, seminars, and hands-on lab work, and regular activities are conducted to promote environmental awareness. Key areas of focus include waste management, water quality issues, biodiversity conservation, industrial waste impacts, textile wastewater, heavy metal effects, nanoparticle applications, bioremediation, organic farming, desertification, air pollution, and soil carbon estimation. The department's graduates work in environmental consultancies, state and central pollution control boards, industries, as well as in schools and colleges as Environmental Science teachers.

Thrust Areas:

Municipal Solid Waste Management, Fluoride in Drinking Water and Fluorosis Problems in Rajasthan, Nitrates in Drinking Water and Health Problems, Biodiversity Conservation in Sanctuaries, National Parks, and Tiger Reserves, Effect of Industrial Wastes on Morphology, Anatomy, and Cytology of Plants, Textile Wastewater and Effects on Vegetables, Impacts of Heavy Metals on Morphology and Cytology of Vegetables, Nanoparticle Synthesis and Their Application in Environment, Bioremediation of Heavy Metals, Textile Waste, and Other

Pollutants, Organic Farming, Desertification: Process and Its Control, Air Pollution Monitoring and Management, Soil Carbon Stock Estimation, and Contemporary Environmental Issues.

8. CENTRE FOR NUTRITION SCIENCES

The field of Nutrition has great significance in the present-day context as Nutrition is the fundamental determinant of health and is crucial in the prevention and management of various diseases. The study of nutrition is important not only for better health and a stronger immune system but also for managing the nutritional challenges faced by both rural and urban populations. The Centre for Nutrition Sciences is an innovative initiative by the University of Rajasthan, Jaipur. The Centre will be a hub for aligning with government and non-government organizations for training in nutrition-related issues and the development of innovative nutrition interventions. The aim of the Centre will be to make the correct knowledge of nutrition accessible to everyone and to suggest practical ways to implement the same. Various skill-oriented workshops, training, and activities about the field of nutrition will be organized by the Centre. These activities will be in synchronization with the aim of generating awareness and promoting the concept of proper nutrition.

9. CENTRE FOR DR. AMBEDKAR STUDIES

The University Grants Commission, New Delhi has set up the Dr. Ambedkar Studies Centre at the University of Rajasthan, Jaipur under the 10th Five Year Plan, in the scheme of Epoch-Making Social Thinkers. The Centre started functioning in March 2008. The main objective of the Centre is to study Bharat Ratna Dr. Ambedkar's thoughts and mission. Baba Saheb's vision has enriched entire humanity for peaceful co-existence and a non-violent society. He emphasized the empowerment of the marginalized and to free them from exploitation and injustice. To further these ideals, Dr. Ambedkar Studies Centre undertakes several activities annually like the 14th April Birth Anniversary, 26th November Law Day, and 6th December "Parinirvan Diwas", and organizes seminars and lectures.

Thrust Areas

- To disseminate Dr. Ambedkar's ideals mission and among students, research scholars, faculty and society.
- To introduce Dr. Ambedkar Memorial Lecture, annually.
- To develop techniques, modules and innovative methods for realizing Dr. Ambedkar's world view in contemporary society.
- Interaction with civil society social movements and other centres.

10. CENTRE FOR GANDHIAN STUDIES

The Centre for Gandhian Studies is an institution where various academic research, social services, and collaborative activities are performed. Formerly known as Gandhi Bhawan, it was established long back in 1965. In 1985, the Academic Council of the University of Rajasthan raised the status of Gandhi Bhawan and transformed it into the 'Centre for Gandhian Studies,' and also approved an M. Phil. Programme in Gandhian Studies that further led to Doctoral and Post-Doctoral Degrees. Prof. V.R. Mehta, eminent political theorist and former Vice-Chancellor, of Delhi University was the founder and Director of the Centre.

11. CENTRE FOR MUSEOLOGY & CONSERVATION

Centre for Museology & Conservation, University of Rajasthan, Jaipur (CMC-UOR) was established in 2006 with a view to promote studies on museology and generate awareness about the conservation of museum objects. Museology as a discipline explores the history and management of museums and their role in society, as well as the activities they engage in, including curating, preservation, public programming, and education. New perspectives of museology are emerging as a way to revitalize the educational role of museums. Centre for Museology & Conservation, University of Rajasthan, Jaipur runs an innovatively designed post-graduate course - M.A. in Museology and Conservation, a four-semester course with a duration of

two years. The Centre is the first of its kind in Rajasthan to have a conservation laboratory of its own and awards a degree in both museology and conservation. The Centre has witnessed a remarkable growth during the last decade. It has organized a series of lectures, workshops, and seminars by inviting renowned experts from India and abroad. The Centre has also brought out some important publications and has worked in collaboration with external bodies like INTACH, ASI, IGNC, NMI, and University of Leicester, UK. The Centre also possesses a library.

Thrust Areas

Conservation Science and Techniques, Documentation and Cataloging, Capacity Building and Training, Community Engagement and Outreach, Digital Preservation and Access, Interdisciplinary Research, Environmental Sustainability, Cultural Diversity and Social Justice, Risk Management and Disaster Preparedness, and International Collaboration and Exchange.

12. CENTRE FOR MASS COMMUNICATION

The Centre for Mass Communication, University of Rajasthan, Jaipur came into being in 1991. So far, more than 1200 students have studied and passed out from the Centre, and a large number of them are working in different spheres of Media. In 1991-92, under the self-financing scheme, the Centre started a one-year P.G. diploma course in Journalism. This was later converted into a one-year Bachelor Degree Course in Journalism and Mass Communication (BJMC) in 1992-93. From the academic session 2001-02, it has been replaced by a two-year (four Semester) Master's Degree Programme.

13. CENTRE FOR RAJASTHAN STUDIES

The Centre for Rajasthan Studies is one of the oldest research centres of the University and has been instrumental in promoting studies and research on Rajasthan's history and culture. Established on 11th November 1975, the Centre is housed in Maharana Pratap Bhawan of the University to promote and coordinate research on historical, social, cultural, literary, economic, and environmental aspects of Rajasthan, together with the collection, compilation, cataloguing, and publication of relevant source material. Prof. G.N. Sharma, the renowned historian of Rajasthan, was the founder and Director of the Centre. Since its establishment, the Centre has made a seminal contribution towards the creation of knowledge on numerous aspects of Rajasthan's history through research projects related to collecting, cataloguing, and publishing source material and organizing seminars on various themes related to the history, culture, society, Rajasthani Literature, economy, and environment of the region. The Centre has granted affiliation to many Post-Doctoral Fellows and Senior Research Fellows of ICHR and ICSSSR and also to Emeritus Fellows of UGC. The Centre also had the privilege of extending affiliation to foreign scholars (US Fulbright Fellows, Researchers from the University of Heidelberg, Germany and other institutions).

14. CENTRE FOR WOMEN STUDIES

The Centre for Women's Studies was established at the University of Rajasthan, Jaipur in 1980 and operates according to UGC guidelines to promote awareness of the need to utilize women's full potential for national development in economic, political, and socio-cultural aspects. It aims to question existing values and promote equal participation. The Centre focuses on contemporary issues affecting women, striving to create awareness and sensitization regarding gender-related questions and empowerment. Its vision is to empower women through education and training, enhancing their social status. The Centre provides a platform for exploring how gender shapes our world and conducts workshops, training, and symposiums to build capacity and leadership among students, faculty, and staff. It fosters vibrant debates on gender sensitization, equality, and equity. Its key areas include gender sensitization, gender equity, and raising awareness for the prevention of sexual harassment. As per the University Notification of 16.9.1999, the Centre is the headquarters of the Internal Complaints Committee for Prevention of sexual harassment at the Workplace. The committee holds regular meetings for redressal of complaints received related to Sexual Harassment on the university campus.

15. SOCIAL SCIENCES RESEARCH CENTRE

The Social Sciences Research Centre (SSRC) of the University of Rajasthan was established by Prof. Iqbal Narain, an eminent social scientist, on 11th October 1975. The Centre works towards facilitating and coordinating interdisciplinary orientation and research. The SSRC is committed to improving research activities in the Departments of Social Sciences and coordinating research and other relevant activities within the Centre. The Centre aims to enhance the scientific rigor of research and promote an interdisciplinary perspective in Social Sciences. It seeks to advance both general and interdisciplinary research, organize symposia and seminars on interdisciplinary themes, encourage interdisciplinary publications, facilitate faculty coordination, and build ties with external research institutes.

16. UGC-CENTRE FOR THE STUDY OF SOCIAL EXCLUSION AND INCLUSIVE POLICY

The Centre for the Study of Social Exclusion and Inclusive Policy, established by the UGC in 2008, addresses issues of discrimination and the exclusion of vulnerable groups. It has organized numerous seminars, discussions, symposia, and conferences on various dimensions of exclusion and marginalization.

The Centre aims to encourage interdisciplinary research on social exclusion, develop frameworks reflecting India's socio-cultural realities, assist policymakers in evaluating legislation for excluded communities, and disseminate information through publications. It maintains a library focused on Exclusion and Discrimination Studies and organizes workshops and conferences to facilitate dialogue among stakeholders. Additionally, it collaborates with local and international organizations to support democratic ideals.

17. SOUTH ASIAN STUDIES CENTRE

The South Asia Study Centre (SASC), established in 1963, is one of the oldest and most prestigious advanced Area Studies institutions in India. Adopted by the University Grants Commission (UGC), the Centre has gained significant academic recognition over the years. It is dedicated to the study of the South Asian region, which includes India, Pakistan, Bangladesh, Sri Lanka, Nepal, Bhutan, and the Maldives, covering historical, cultural, socio-economic, and

political aspects. The Centre operates as a University Department and aims to promote an in-depth understanding of the socio-economic and political phenomena of South Asia in general, with a particular focus on individual South Asian countries.

The courses offered by the Centre are taught from an interdisciplinary perspective, preparing students for competitive examinations and professional opportunities in various organizations. In addition to regular academic offerings, the Centre organizes National Seminars, Symposia, and International Conferences every year. Special lectures by eminent experts are also held throughout each academic session, along with the regular Friday Seminars. Furthermore, the Centre hosts the annual Prof. S.P. Varma Memorial Lecture and Prof. Iqbal Narain Memorial Lecture.

The Centre has been publishing its own journal, *South Asian Studies*, on a biannual basis since 1967. It also regularly publishes project reports and Ph.D. theses.

18. CENTRE FOR EUROPEAN STUDIES

The Centre was awarded to the University of Rajasthan in September 2011 by the University Grants Commission. It is an Interdisciplinary Centre having main focus on Policy research in matters concerning European Union and India. It also aims to help realize the full potential of relationship in key areas of interest between India and the EU. The premises are located in the Old NRSC Building. It has basic facilities like computer with Internet connectivity, printer, scanner, smart class material. Centre has a small conference room and two functional class rooms. Thrust areas of Research: Infrastructure facilities: India EU cooperation (special emphasis of major ongoing collaborative projects in health and sanitation sectors in Rajasthan). Gender Issues: Asian Women in leadership roles of Nation building in EU countries. Enhancing HR skills to improve capacity building in new emerging sectors of India. E.U. with special focus on France, Germany & Spain: Immigration, Assimilation and Assertion (identity issues) of Asian population.

19. RAJASTHAN UNIVERSITY BIOTECHNOLOGY INCUBATION CENTRE (RUBIC)

RUBICON is a non-profit biotech business incubator facility established with the help of State DST Government of Rajasthan and formalities are undergoing to launch in the next few months. Our is to facilitate and assist the creation, growth, and success of the next generation of biotech companies in state of Rajasthan to nurture entrepreneurial and economic development in the community. We aim to do this by maintaining affordable lab and office space and making progressive technology, services, training, mentoring, and a network of professional advisors available to small biotechnology companies and healthcare-related start-ups.

CHAIRS

1. SRI GURU GOBIND SINGH CHAIR FOR NATIONAL INTEGRATION AND SIKH STUDIES

About the Chair

The Sri Guru Gobind Singh Chair for National Integration and Sikh Studies at the University of Rajasthan, Jaipur, was established in 2017 through a special grant from the Ministry of Culture, Government of India, to commemorate the 350th Birth Anniversary of Sri Guru Gobind Singh, the tenth Guru of the Sikhs. The Chair focuses on the creation and dissemination of knowledge, research, publication, and the promotion of awareness regarding national integration and Sikh history and culture. Seven research projects have been completed under the Chair. The ongoing research projects include: सिख समाज के सामाजिक सरोकार: जयपुर शहर के सिख समुदाय, A Historical Survey of the Gurudwaras of Pipur and Ajmer districts, भारतीय संस्कृति एवं मानवीय मूल्य: गुरुतेगबहादुर जी के जीवन दर्शन एवं बलिदान के सन्दर्भ में एक अध्ययन.

2. NITI AAYOG CHAIR

About the Chair

NITI Aayog Chair (erstwhile Planning Commission Chair) was established in 1995 by the then Planning Commission of India. The Chair has been carrying out various research and academic activities such as Projects and Studies on Rajasthan, writing research papers, organizing conferences/ seminars, and panel discussions on issues related to planning and development. The Chair also provides internships to students who are interested in research.

NITI Aayog Chair has organized a conference on "Strategic Initiative for achieving the Sustainable Development Goals (SDG) in Rajasthan". A panel discussion was conducted on the theme of "VIKSIT BHARAT VIKSIT RAJASTHAN@2047" to inculcate a symbiotic relationship between the academia and industrial leaders for establishing a cross-sectoral

partnership The Economic Bulletin is a quarterly publication of NITI Aayog Chair which makes detailed economic analysis based on periodic data from different sectors of the economy. The last published issue of NITI Aayog Chair "Economic Bulletin" was titled "Women Entrepreneurship in MSME Sector of India". Recently, the University of Rajasthan has been designated as the Lead Knowledge Institution (LKI) for Rajasthan by the Hon'ble Chief Minister, Government of Rajasthan. LKI has been assigned a pivotal role as a Key Knowledge partner of the recently constituted Rajasthan Institute of Transformation and Innovation (RITI) under the State Support Mission of NITI AAYOG. Director of NITI Aayog Chair has been entrusted with the task of Nodal Officer for coordinating with the Government of Rajasthan to formalize institutional support to RITI. During the next two years, NITI Aayog Chair will bring the expertise of other institutions by way of institutional collaboration to assist the state government in this endeavour.

1. UNIVERSITY MAHARANI COLLEGE

About the College

University Maharani College, founded on August 1, 1944, with 11 girls and 3 teachers under Maharani Gayatri Devi's patronage, is now Asia's largest multi-faculty college. Originally the Intermediate College for Women, it was renamed Maharani College upon relocating on August 12, 1947, and became a University of Rajasthan constituent in 1962. The college has hosted prominent figures like Dr. Zakir Hussain and Indira Gandhi. The college's vision is to empower women through education, fostering holistic growth and a responsive environment. Its mission includes developing scientific temper, preparing students for challenges, providing value-based education, and ensuring accessibility for underprivileged groups. Best practices include a Women's Cell, Counselling Cell, a Creche Facility, and a Digital Library Management System. A Vermi-Composting Plant handles biodegradable waste. With over 8000 students,

diverse programs, and recognition as a "College with Potential for Excellence" by the UGC, the college's qualified faculty, varied curricula, hostels, and active NCC and NSS units support an environment of excellence and comprehensive development.

University Maharaja College, established in 1844 by Sawai Ram Singh, began as Maharaja's School with 40 students and a curriculum in Hindi, Persian, English, Sanskrit, and Urdu. It gained intermediate status in 1873, affiliating with Calcutta University, and later with Allahabad University in 1890. By 1896, it offered B.A. and B.Sc. degrees, with advanced disciplines added in 1927. Relocating to its current premises in 1933, the college expanded to include Commerce in 1940 and Law in 1947. After the founding of the University Maharani College in 1944, it focused on male students, becoming part of the University of Rajasthan in 1962. The college now offers B.Sc. and BCA programs to over 2600 students, with modern facilities and a strong emphasis on holistic education. It supports extracurricular activities, including seminars, quizzes, and cultural events. Its goals include fostering academic excellence, critical thinking, and innovation, and preparing students to adapt to evolving scientific and technological landscapes. With state-of-the-art laboratories, expert faculty, and a comprehensive infrastructure including a boys' hostel, extensive library, and sports facilities, University Maharaja College remains dedicated to providing a dynamic and enriching educational experience.

3. UNIVERSITY RAJASTHAN COLLEGE

About the College

University Rajasthan College, situated on an 18-hectare site in the southern part of the University Campus, was founded in 1957 by the Government of Rajasthan to train students for civil services. It became a constituent college of the University of Rajasthan in 1962, known as 'College of Arts' from 1969 to 1975, and has been operating as University Rajasthan College, Jaipur, since 1976. In 2010, it was recognized as a 'College with Potential for Excellence' by the UGC. The college hosts annual NCC and NSS camps and the youth festival 'Mridang', with city-wide participation. It publishes the magazine 'Trividha' to highlight creative talents, and organizes literary activities under 'Vyanjana', employment guidance lectures by 'Karmyogi', and various academic events. The college aims for holistic student development, preparing them for societal roles and future challenges while balancing curricular and extracurricular activities. It fosters innovative and responsible citizenship, with a focus on sensitivity toward underprivileged groups and inclusivity. University Rajasthan College emphasizes interactive teaching and holistic development, with its NCC and NSS units working on personality development and collective responsibility. The sports department provides year-round activities, 'Mridang' enhances artistic skills, and the Students' Union election nurtures leadership qualities.

STUDENTS WELFARE & PROCTORIAL BOARD

A. Dean, Students' Welfare (DSW) & International Students' Advisor (ISA)

The office of the **Dean, Students' Welfare (DSW) & International Students Advisor** helps the University students in their overall cultural, social, literary, and academic development. This office provides career counselling for the students to enable them to choose academic fields of their interests. This office also monitors the 'Students' Group Insurance Scheme' for approximately 28000 regular students of this University and also facilitates the University in providing financial assistance to the brilliant and poor students out of the Students' Welfare Fund. International Students' Advisor looks after the interests of the international students and co-ordinates all activities related to them in the University. This office examines all the documents such as mark sheets and academic certificates to adjudge the eligibility of the students for their admission to various courses and takes care of admitting International Students for pursuing their studies. Visa, passport and No objection Certificates issued by the Department of Education, Ministry of Human Resource Development. Govt. of India are examined from time to time so that International Students do not face any difficulty in due course of time. Under the administrative supervision of the DSW there is Rajasthan University Students Union

consisting of four office bearers namely President, Vice-President, General Secretary and joint Secretary who are elected directly by the regular students of the University. Research Scholars are represented by a research representative. The Dean Students' Welfare and the RUSU collectively organize numerous cultural activities and career counselling camps. Inter college cultural activities are organized in the months of September/ October. Inter University Youth Festival popularly called as 'Ghoomar' is organized regularly.

B. Students Advisory Bureau (SAB)

Director: Dr. Deepak Saxena

The Students Advisory Bureau (SAB) at the University of Rajasthan, established in 1962 by Madam G.J. Unnithan and currently led by Dr. Deepak Saxena, is located in the Central Library building, a central hub within the University. SAB is committed to preparing students for their futures by offering self-paced, self-guided career development opportunities accessible at any time and from anywhere. Its mission is to foster self-confidence in students, helping them achieve their educational and career objectives. The Bureau's motto is: "Take care to get what you like, or you will be forced to like what you get."

As a unique advisory bureau serving Rajasthan and neighboring states, SAB caters to a diverse student population, regardless of geographical location. It provides comprehensive counseling for school, college, postgraduate, and professional students, offers information on universities, courses, and reputable institutions, and organizes career seminars. The Bureau's

resources include a library with around 1,300 books, covering motivational literature, exam guides, scholarship details, materials on studying abroad, and relevant CDs. It also features an LCD projector for presentations.

SAB's key priorities include enhancing state-level educational and career opportunities, creating a platform for students to explore suitable careers, fostering effective connections between students and institutions, and maximizing student talent. Additionally, SAB addresses skill gaps through personality development programs, especially for students in rural areas. These programs include classes in spoken English, group discussions, and mock interviews, designed to improve essential skills for success.

C. Rajasthan University Student Union (RUSU)

The Student Union at the University of Rajasthan, Jaipur, plays a vital role as a democratic body representing students and contributing to both the growth of the institution and student welfare. Operating under the Rajasthan University Student's Union Constitution 2017 and in accordance with the Lyngdoh Commission's recommendations, the Union's members are elected annually. Key office bearers include the President, Vice-President, General Secretary, and Joint Secretary, all elected at the university, constituent college, and department levels. Additionally, a Research Scholar's Representative is also chosen.

The Student Union advocates for student interests, enhances campus life, and promotes welfare policies. It supports various student clubs—such as Dance, Drama, Fashion, Literature, IT, Music, Art, and Photography—that organize a wide range of activities and events.

Student representatives are crucial members of the Anti-Ragging Committee and the Internal Complaints Committee (ICC), addressing issues such as sexual harassment. The Union actively participates in national and cultural events, including Independence Day, Republic Day, Constitution Day, and several cultural festivals such as the University Foundation Day, Youth Festival, Ghoomar, Aquaregia, Veethika, Mridang, Ananta, Mayuri, Navarang Dandiya Utsav, and Freshers' Day. It also organizes technical fests like Synergia and Biofiesta, which promote scientific inquiry and broaden students' perspectives.

The Union conducts issue-based programs such as women's awareness camps, self-defense training, and blood donation drives. It serves as a bridge between students and the administration, addressing grievances related to admissions, exams, and curriculum. Through career guidance workshops, voting awareness campaigns, and social outreach initiatives, the Union fosters teamwork, enhances organizational skills, and contributes to a well-rounded student experience. This has a significant impact on individual development and the overall progress of the institution.

INSTITUTIONAL SUPPORT & FACILITIES

A. INFONET CENTRE

Director: K. V. R. Rao

Dy. Director: Dr. Pankaj Nagar

The Infonet Centre at the University of Rajasthan is the technical backbone, managing the Campus Wide Area Network, Wi-Fi Network, website maintenance, mail servers, result servers, and research servers. It plays a crucial role in providing access to digital resources and advancing the university's technology infrastructure using open-source software and the Linux-Apache-MySQL/Perl/PHP (LAMP) platform. The Centre collaborates with the Campus Wide Area Network (CWAN), known as RUN (Rajasthan University Network), which uses Gigabit Ethernet Technology with Optical Fiber Backbone for high-speed connectivity across the campus, and the National Knowledge Network (NKN), which offers ultra-high-speed internet to institutions across India. The Centre ensures compliance with NKN policies to support advanced studies and research. Its goal is to enhance academic excellence and facilitate knowledge dissemination, aiming for seamless access to resources and enriched academic experiences. Best practices include in-house web application development and maintenance, continuous improvement of applications, and securing services with SSL and TLS encryption. The Centre's infrastructure features Blade Servers and SAN solutions for data management, modern networking with RUN and NKN, and facilities for academic functions like video conferencing.

University Web Servers

One of the core features of Infonet Centre's services is that all of its websites are SSL and TLS enabled. SSL stands for Secure Sockets Layer, while TLS stands for Transport Layer Security. Both protocols are used to encrypt data that is transmitted over the internet, providing an extra layer of security against hackers and other cyber threats. SSL and TLS are widely used across the internet, and they have become the de facto standard for securing web traffic. Infonet Centre's SSL and TLS-enabled websites ensure that all data transmitted between the user and the server is encrypted, providing a secure connection that is resistant to eavesdropping and tampering. The university provides many online services:

B. UNIVERSITY PLACEMENT CELL

The University of Rajasthan, Jaipur under the aegis of UGC-UPE has constituted a Central Placement Cell (CPC) at the Student Advisory Bureau, with the objective to work upon and improve the employability of the PG students of the University of Rajasthan. The Central Placement Cell committee has decided to register the students of various departments for a month long training programme focusing on personality development and career counselling.

The month long training programme shall consist of three hour session per day. The Central Placement Cell would seek the support of the Head of the Departments or his nominee for a better coordination and the execution of this programme.

C. ACCOMMODATION OF UNIVERSITY HOSTELS & QUARTERS FOR UNIVERSITY EMPLOYEES**Hostels and Wardens**

The University of Rajasthan and its constituent colleges offer well-equipped hostel accommodation. There are 19 hostels in total, with 14 on the main campus and the rest at constituent colleges. Hostels are designated for specific courses or streams, each with its unique tradition and culture. Hostel life fosters a blend of diverse cultures, contributing to a rich and memorable experience. The university emphasizes cleanliness, discipline, and a supportive environment. Annual youth festivals are organized in each hostel, and an inter-hostel youth festival, "Basant," provides a competitive platform for showcasing cultural talents. Students admitted to University departments and colleges are eligible for hostel accommodation, though those with failed or pending examinations may not be eligible for admission or readmission. Hostel admission is based on merit and availability, and forms must be submitted online and in hard copy, signed by the HOD/Principal. Self-Financing Scheme (SFS) students are considered for girls' hostels if seats are available.

C. National Service Scheme

Launched on September 24, 1969, by Union Education Minister Dr. V.K.R.V. Rao, the National Service Scheme (NSS) began in 37 universities across India. NSS is designed to be student-led, promoting both student and teacher involvement in national development through social service. It is implemented at the university level to encourage student participation. The University of Rajasthan hosts 30 NSS units with 3000 volunteers and 30 Programme Officers.

NSS units are distributed as follows

S.N.	Campus/ College	Units
1.	University Campus	03
2.	University Maharaja College	05
3.	University Maharani College	08
4.	University Commerce College	08
5.	University Rajasthan College	08
6.	University Law College	01
7.	Department of Chemistry	01

NSS aims to extend higher education by engaging students in community service, addressing the lack of awareness about village and slum problems among educated youth. The objectives include understanding the community, solving problems, developing social responsibility, applying practical solutions, acquiring leadership skills, and fostering national integration.

The NSS motto, "NOT ME BUT YOU," reflects the importance of selfless service and considering others' perspectives. The NSS symbol, based on the Konark Sun Temple's 'Rath' wheel, represents continuous progress and social transformation. The NSS badge signifies readiness for service and high spirits.

NSS Day is observed on September 24 each year. NSS activities are divided into Regular Activities and Special Camping Programmes. Regular activities involve community service projects, while Special Camping Programmes include 7-day camps in adopted villages or urban slums. Volunteers are expected to participate actively. Regular activities include orientation, campus projects, and community service in rural and urban areas. Volunteers also assist during emergencies and national events. Best practices involve proper unit allocation, diverse volunteer enrollment, and maintaining financial and project records. NSS projects focus on environmental conservation, health, women's status, social service, relief work, education, and more. Achievements include awards, and participation in events such as the Republic Day Parade Camp, National Integration Camp, National Adventure Camp, National Youth Festival, Pravasi Bharatiya Divas, and the National Youth Parliament Festival.

D. National Cadet Corps (NCC)

The University of Rajasthan features a comprehensive National Cadet Corps (NCC) network across its constituent colleges, including University Rajasthan College, University Commerce College, University Maharaja's College, and University Maharani's College in Jaipur. The NCC program has over 1000 senior division cadets, and is managed by 8 Associate NCC Officers (ANOs) and 5 Care Takers. These officers oversee NCC admissions, training, and activities. The NCC offers a variety of activities such as drill training, weapon training, firing, gliding, microlite flying, para sailing, aero modeling, ship modeling, horse riding, first aid, rock climbing, and mountaineering. Cadets also engage in community and environmental development projects. The aim of the NCC is to foster confidence in cadets, preparing them for success in their chosen careers. First-year students are eligible to join the NCC.

CENTRAL FACILITIES

A. CENTRAL LIBRARY

The Central Library building is located near the main gate of the University. It has a seating capacity of about 700 students. It has collection of more than 5 lac books, bound periodicals, etc. The Library subscribes to a plethora of current journals in physical form relating to various subjects. In addition, about 10500+e-journals are available for online access under e-Shodh Sindhu Consortium. RFID system has been installed for in house operations of the Central Library. A new building of the University Central Library has been constructed with a financial assistance of nearly 12 crore rupees from UGC under UPE grant. This building will be soon made operational. The Rajasthan University Library's goal and vision include expanding services based on e-resources and Web-OPAC services. The library boasts a rich collection of old documents known as 'The Abu Collection', which includes Government reports, gazetteers, and other publications dating back to the early 19th Century, valuable for historians. The Abu Collection is now available in digitized format in the National Digital Library. The Library also maintains a notable Micro-form Collection, featuring microfilms and microfiches.

The Library operates every day of the year, except for the following holidays: 26th January (Republic Day), 15th August (Independence Day), Dhulandi, Dussehra, Govardhan Pooja (the day after Deepawali), and on special occasions by order of the Director.

Only general books will be issued, but reference books, rare books, theses & dissertations, loose/bound issues of periodicals and such other reference materials are only for consultation within the Central library. Borrowers must satisfy themselves about the physical condition of the books before borrowing otherwise, they

will be held responsible for any damage or mutilation noticed later or at the time of returning. Circulation staff in the Central library will also assist you in locating items in the stack area and related matters.

Book Bank Facility

The library has a rich collection of old documents including the collection of British resident at Mount Abu, which is popularly known as 'The Abu collection'. This includes Government reports, gazetteers and other publications dating back to early 19th Century. These are of research value for Historians, Economists and Sociologists.

Central Library offers Inter Library Loan Service for the documents that are not available in Central Library collection. This service is provided to entire University community to meet their academic and research needs.

B. ENGINEERING & WORKS DEPARTMENT

The engineering office plays a crucial role in maintaining University buildings.

The key responsibilities include:

Regular inspections of university buildings to assess the condition of structures, electrical systems, plumbing, HVAC, and other facilities. Identification of potential issues like wear and tear, structural damage, or system failures that require maintenance or repairs. Development of maintenance schedules for routine and preventive maintenance. Prioritization of urgent repairs to ensure the safety and functionality of the buildings. Preparation of cost estimates for repairs and maintenance work. Liaising with contractors and vendors for specialized services such as electrical, plumbing, or structural repairs. Ensuring compliance with government regulations, quality standards, and safety protocols. Maintaining detailed records of inspections, repairs, and maintenance activities. Preparing reports for senior management on building conditions, maintenance needs, and completed work. Quick response to emergencies like structural failures, leaks, or electrical hazards to prevent further damage or safety risks. The engineering office ensures university buildings are safe, functional, and well-maintained, supporting the overall infrastructure of public services.

QUALITY CONTROL COMMITTEE

Internal Quality Assurance Cell (IQAC)

The University of Rajasthan has been a beacon of quality education since its establishment in 1947. Over the years, UoR has positioned itself as a regional leader, driven by its commitment to quality initiatives. In line with post-accreditation quality sustenance measures, the Internal Quality Assurance Cell (IQAC) was established in 2004.

Objectives:

The primary objectives of IQAC at University of Rajasthan are to:

- Create a framework for deliberate, consistent, and catalytic action to enhance UoR's academic and administrative performance.
- Uphold the objectives of improving quality and sustaining efforts to organize diverse activities and programs on campus.
- Encourage innovative strategies that progressively boost the effectiveness of learning staff and student experiences.

Functions

The IQAC aims to develop and maintain a system that fosters academic and administrative excellence. To achieve this, the IQAC at UoR undertakes the following functions:

- **Quality Assurance Initiatives:** Designing, executing, and assessing quality control procedures to elevate the standards of education, research, and administrative processes.
- **Documentation and Reporting:** Collecting, managing, and organizing data related to quality assurance activities, as well as preparing reports for external accrediting authorities.
- **Policy Formulation:** Assisting in the development and enhancement of academic and administrative policies aligned with quality improvement goals.
- **Internal Reviews:** Conducting internal audits and reviews to assess compliance with quality standards and identify areas for improvement.
- **Feedback Collection:** Gathering insights from students, faculty, and stakeholders to evaluate institutional quality and identify enhancement opportunities.

- Curriculum Enhancement: Collaborating with Board of Studies to review and implement necessary additions to the curriculum, including skill development programs and certificate courses to meet professional needs.
- Faculty Development: Supporting faculty development initiatives through training programs, seminars, and workshops aimed at improving teaching strategies and career growth.
- Promoting Research: Fostering a culture of creativity and intellectual growth by encouraging faculty and students to engage in research projects and publish papers.
- Best Practices Sharing: Identifying and disseminating best practices in administration, teaching, and learning to promote continuous improvement.
- Resource Allocation: Ensuring adequate resources are available to support and enhance teaching and learning for both students and faculty.
- Monitoring Implementation: Overseeing the execution of action plans to ensure the institution meets its quality improvement objectives.
- Interacting with Stakeholders: Engaging with various stakeholders—including students, parents, alumni, employers, and community members—to gather feedback on institutional performance.

Benefits

- Enhancing clarity and focus in institutional operations aimed at quality enhancement.
- Promoting the internalization of a quality culture.
- Facilitating integration among diverse university activities and best practices.
- Providing a solid foundation for decision-making to improve university functioning.
- Ensuring timely submission of Annual Quality Assurance Reports (AQARs).
- Acting as a dynamic system for quality improvements in higher education institutions (HEIs).
- Establishing an organized methodology for documentation and internal communication.

F. College Development Council (CDC)

The Collage Development Council (CDC) was established by the University in 1978 under the UGC scheme to ensure proper planning and development of its affiliated and constituent Colleges (Govt., Non-Govt., and Constituent), improve higher education standards, and enhance faculty quality. The CDC invites proposals from Colleges under sections 2(f) and 12-B of the UGC Act, 1956, and recommends them to the UGC for approval. Currently, 108 Colleges affiliated with the University of Rajasthan, Jaipur are recognized by the UGC under section 2(f) & 12-B, and 36 Colleges under section 2(f). Among these, 04 Colleges have CPE status and 02 have Autonomous Status. UGC Schemes for College Teachers include Faculty Improvement Programmes, Major/Minor Research Projects, and UGC Schemes for Students such as Conferences/Workshops/ Seminars, Travel Grants, and Day Care Centers. UGC provides financial assistance for various schemes, including Development for Colleges, Coaching for NET for SC/ST/OBC (non-creamy layer) & Minorities, construction/renovation of Academic buildings, purchase of Books & Journals, Equipment, Colleges with Potential for Excellence (CPE), Women Hostels, Golden Jubilee/Centenary grants, Additional Grants, Infrastructure Rejuvenation, 'Catch-up' grants, and support for Colleges in Rural/Remote/ Border/Hill/Tribal Areas, and Backward Areas. The Coordinator, CDC assists Colleges with proposals and guidance, monitors UGC grant utilization, and recommends proposals to the UGC based on the guidelines on www.ugc.ac.in. The CDC plays a key role in improving infrastructure and benefiting faculty and students.

G. International Cooperation Cell

International Cooperation Cell established in 2007, works to facilitate cooperation between University of Rajasthan and International universities. It coordinates, negotiates and partners with International Universities to develop exchange programmes for faculty and students. From 2007 onwards, 54 mobilities of students and Faculty have taken place. Out of these, 19 students and 08 faculty members have come from foreign Universities to the University of Rajasthan and 25 students and 02 Faculty members have gone from University of Rajasthan to Paul Valery Montpellier-III, Jean Moulin Lyon-III, University of Montreal, Quebec, Canada, and Novosibirsk State Technical University. Currently 2 students from ELLCS department are pursuing their one semester as exchange student in Jean Moulin Lyon 3. Two students from Jean Moulin Lyon 3 have applied to UOR to come for 2 semesters. 1 student from ELLCS Department, University of Rajasthan has applied to study for one semester to France in 2019-2020. MOUs with the University JeanMoulin Lyon 3, France and the University Laval (Quebec, Canada) were renewed in 2019 for 5 years.

OTHERS

A. INSTITUTIONAL PERFORMANCE APPRAISAL SYSTEM & WELFARE MEASURES

The University of Rajasthan (UoR) prioritizes the professional growth and well-being of both teaching and non-teaching staff, fostering a supportive and enabling environment.

Performance Appraisal and Career Development: UoR adheres to UGC regulations and the CAS framework for faculty performance appraisal and career progression. A Performance-Based Appraisal System (PBAS) is actively solicited for faculty performance evaluation and academic progression.

Avenues for Professional Growth: UoR's IQAC and HRDC regularly organize faculty development programs, skill-enhancing courses, and workshops that foster continuous learning, promote research excellence, and encourage collaboration across departments. UoR provides financial assistance to faculty members for participation in national and international seminars and conferences, membership fees of professional bodies and the purchases of books, fostering continuous learning and research excellence.

Performance Management for Staff: Transparent Appraisal System: A transparent and well-defined Annual Confidential Report (ACR) system evaluates the performance of non-teaching staff. Promotions are conducted by duly constituted committees following the University's established rules and regulations. A standard mechanism committee also addresses grievances lodged by staff members, ensuring a fair and transparent process.

Comprehensive Staff Welfare Measures

Healthcare: UoR prioritizes the well-being of its staff by offering medical care through established Centers for Allopathic, Ayurvedic and Homeopathic treatment. These facilities cater to the needs of teaching and non-teaching staff, their dependents and students. Free medicines, regular check-ups, health camps, health awareness lectures and yoga sessions promote preventive healthcare measures.

Sports and Recreation: UoR fosters a healthy lifestyle by providing access to on-campus sports facilities like a swimming pool, a multipurpose gym, playgrounds, and courts for various games. These facilities encourage physical activity and promote staff well-being.

Employee-Friendly Policies: UoR offers a range of employee-friendly policies and benefits, including medical reimbursements, comprehensive health insurance for staff and their family members, advances/loans, and leave benefits (including childcare leave), as per standard

guidelines. Social security measures like provident fund, gratuity and pension plans provide financial security for employees after retirement. UoR, on compassionate grounds, considers employment opportunities for an eligible dependent family member in the unfortunate event of an employee's untimely demise.

Additional Facilities: UoR provides on-campus residential accommodation, a working women's hostel, faculty clubs, guest house facilities, a community center, and multiple banking, postal, shopping complexes and canteen facilities for adding convenience to daily chores both for faculty and staff. Educational facilities include play school, pre-primary school, primary school and crèche services to support working parents.

Staff Associations and Support

Faculty and Staff Associations: Teaching and non-teaching staff are encouraged to participate and strengthen the associations like the Rajasthan University Teachers' Association (RUTA), Rajasthan University Women's Association (RUWA), Rajasthan University Non-Teaching Association (RUNTA), and the Pensioners' Association. These associations provide a platform for collective action, address staff concerns, and foster a sense of community.

By implementing these initiatives, UoR fosters a positive and empowering work environment that attracts and retains talented staff. The focus on professional development, performance management and staff well-being positions UoR as a leading employer in the higher education sector.

B. Alumni Association

Association: URAAMA (University of Rajasthan Alumni Alma Mater Association)

Chairperson: Vice-Chancellor Prof. R. K. Kothari

Registration No.: 1985/ 9/85-86

Website: alumni.uniraj.ac.in

The University of Rajasthan has a Registered Alumni Association in the name of the University of Rajasthan Alumni Alma Mater Association (URAAMA) which was registered on 11.04.1985 bearing the registration number 9/85-86. University Maharani's College (Constituent College), R.A. Podar Institute of Management, (Constituent Unit) UOR, Five-Year Law College (Constituent College), and several departments in the University have Alumni Associations that are functional that include Departments of Home Science, Law, Physics, Botany, Economics, English, Zoology and South Asia Studies Centre along with the old Alumni Association in the name of the 'University of Rajasthan Alumni Association'. These associations conduct regular meetings to support initiatives like networking events and mentoring new students on campus.

They also play an elemental role in generating employment opportunities for young students and facilitating placements. This also helps foster a sense of community among alumni and supports the ongoing success of the institution. The Alumni of the University of Rajasthan have consistently made a mark in society and have been successful scientists & researchers, renowned academicians, members of the Judiciary, administrators, politicians, social activists, and entrepreneurs serving in reputed institutions across the globe.

The Alumni Association of Maharani's College, Old Students Association, is very rich in terms of members who are distinguished dignitaries in various fields. There are more than 500 active members and every year more than 2000 outgoing students become the member of alumni association. Every year there is an Alumni Meet on the Foundation Day of the College i.e., 1st of August and there are cultural performances and other activities by the members. The college Principal is the Patron and all faculty members are by default, members of the alumni association.

The Alumni Association at the College and Department levels has been actively involved in organizing meetings and get-togethers of the alumni from time to time. These associations have also organized several relevant and useful activities for their members and the entire fraternity. The Departments with Alumni Associations that were formed many years ago have organized functions to felicitate the members and have successfully brought them back to their parent Institute and connect with their friends, batch mates, and teachers. A few of them provide financial assistance to merit-holder students in the form of awards and scholarships; others contribute significantly to the development of infrastructure and other amenities from time to time. Many gold medals for the University toppers in various courses are sponsored by the alumni. The interaction with alumni and their success stories has a positive, constructive, and motivational impact on the students to strive towards excellence and to pursue their dreams. The Alumni link the past-present-future of the institution and work towards the holistic development of the students and the University.

UNIVERSITY PRESS

Asstt. Registrar & O.I.C: Shri Rajendra Kumar Sharma

The University Press is a small unit registered under the Factory Act Established on 1962, November 1st. The press conducts various types of printing works allotted to it. The press possesses one mechanical composing unit, one offset printing machine, two automatic printing machines, three machines and one cylinder machine. Most of the work done in the Press is related either to the academic side or to the examination. For the Examination branch, it prints Application Forms, Examination Programmes, Marks-sheets, Roll Lists, Tabulation Registers, Headings and various other types of forms related to it. Printing of English versions of the degrees in all faculties is also done by the Press. The Press prints and supplies about 75 types of printed stationary items. These are stored in the Press and supplied to various departments and constituent colleges of the University during the whole year. These items include various types of Registers, Forms, Receipts Books, File Covers, and File Boards, etc. The Press also caters to the need for various forms required towards affiliation of colleges. It also executes the Printing of Journals of the University South Asia Study Centre, Mass Communication, Department of ABST, Business administration, EAFM, S.S.R.C. Economics, Magazines like Glimpses, Booklet of various conferences organized by the departments, Reference Books for the Centre for Mass Communication, etc. Successful efforts have been made during the past 53 years to increase the income of revenue and curtailment of expenditures. There has been no labour trouble and the employer-employee relationship has remained cordial throughout the period under report.
